- Recovering from foot and ankle trauma
- PTTD
- DJD
- Charcot foot
- Severe pronation
- Tendonitis
- Difficulty ambulating
- Distal tarsal tunnel
- Nerve entrapments
- Talocalcaneal varus/valgus

Suggested L-Codes:
L1940, L2330, L2820

PLATINUM LEATHER TRIM AFO

A slender, less rigid alternative to the standard Platinum Leather AFO to provide a more comfortable fit for any patient who is moderately to highly active.

- Active / athletic
- Frequent uneven surfaces
- Arthritic needing less rigidity
- Chronic ankle sprains
- Battles PTTD needing more control over plantar foot orthoses
- Needs increased circulation and control of drastic volumetric

Suggested L-Codes:
L1940, L2330, L2820
